

Please oppose current plan for media deregulation/consolidation
This message is about Docket No. 02-277, The Biennial Review of the
FCC's broadcast media ownership rules. I believe that the FCC needs to give more
time and attention and study to this matter before voting on it. The
current proposal has not been properly vetted and the people have not had
enough chance to consider these changes and voice opinions. It is
inappropriate to vote after mainly considering only the opinions of
interested lobbyists.

Please extend the deadline and permit the public more opportunity to learn
about this issue and to offer opinion.

Additionally, more study into the effects of the proposed media
deregulation/consolidation would be in order.

Thank you for your consideration.
